Your watch is a Bluetooth® Link Watch that connects the time automatically by receiving time information from a smartphone installed with the application "Time Connect." It enables you to check the time on your watch while using your smartphone as well, via Bluetooth® technology.

**REGISTRATION OF WATCH**

Before using the watch with a smartphone for the first time, be sure to register it to Time Connect. Registration procedure is no longer required for Bluetooth® communication thereafter.

**Before Registering the Watch**

1. Enable the Bluetooth® function on the smartphone.
2. The watch will not function if the Bluetooth® function is not enabled. Install the application "Time Connect" on your smartphone.

**To Start Registration**

1. Operate the watch following the procedure below to register the watch to the application.

**NSS5 (Watch with a Rotating Bazel)**

- Turn the rotating bazel to align the movie indicator with "CONNECT." or press and hold the button at the 3 o'clock position for 2 seconds.
- The second hand points to the 9 o'clock position, and the data reception is started.

**NSS51**

- Press and hold the button at the 3 o'clock position for more than 2 seconds.
- The second hand points to the point to the 9 o'clock position.

**NSS77**

- Press and hold the button at the 3 o'clock position for more than 2 seconds.
- The hour and minute hands align together to point to the 9 o'clock position.

2. Check that the registration of the watch is completed successfully.

**Quick Manuel for NSS5, NSS51 and NSS77 [JCC90]**

**OPERATION OF NSS5**

- Check the type and version of the OS running on your smartphone.
- Install the application "Time Connect" for each watch model.

**OPERATION OF NSS51**

- Press and hold the button at the 3 o'clock position for more than 2 seconds.
- The second hand points to the point to the 9 o'clock position.

**OPERATION OF NSS77**

- Press and hold the button at the 3 o'clock position for more than 2 seconds.
- The second hand points to the point to the 9 o'clock position.
